A: Can include it for member's home only.

Q24) Can we include it for member's home?

A: Can include it for member's home only.

A: Can include it for member's home only.

Figure 1. The effect of the number of trials on the number of correct responses. The number of correct responses was significantly higher than the number of incorrect responses in the 10-trial condition ($p < 0.05$).

12. **Environmental protection and conservation**

Our commitment to environmental protection and conservation is a key part of our corporate social responsibility strategy. We are committed to reducing our carbon footprint, conserving water and energy, and protecting the natural environment. We have implemented a range of measures to achieve these goals, including the use of renewable energy, energy-efficient buildings, and sustainable sourcing practices. We also have a robust environmental management system in place, which includes regular audits and reporting. Our goal is to be a leader in environmental protection and conservation, and we are committed to continuous improvement in this area.
